3. Your memorandum states that [REDACTED] reported negatively on disclosures of NIS under provisions of IAC-D-45/12, paragraph 3. The failure to report the above indicated disclosures is, therefore, brought to your attention for appropriate action.

4. It is presently stipulated that quarterly reports be made by your Office on the NIS intelligence disclosed to foreign officials. In recognition of the difficulties and delays inherent in these arrangements, the NIS Committee on 19 February 1957 approved a change in this reporting requirement from a quarterly to an annual basis, and future reports should be made accordingly.
